

# West Mojave Plan

## Draft Evaluation Report

### Suggested Conservation Strategies

Working Draft  
September 22, 1999

# TABLE OF CONTENTS

## INTRODUCTION

What Role Does the Evaluation Report Play in the West Mojave Planning Process? . . . . .	i-1
How is this Report Organized? . . . . .	i-2
How Was the Evaluation Conducted? . . . . .	i-6
CESA “Section 2081 Management Authorizations” . . . . .	i-7

## CHAPTER ONE: CONSERVATION OVERVIEW

Desert Wildlife Management Areas . . . . .	1-2
Significant Ecological Areas . . . . .	1-3
Linkages . . . . .	1-4
Multispecies Hotspots . . . . .	1-6
Centers of Endemism . . . . .	1-6
Other New Proposals for Conserved Lands . . . . .	1-7

## CHAPTER TWO: DESERT TORTOISE

### Part A: Methodology

Background . . . . .	2-2
Threats to the Desert Tortoise . . . . .	2-2
Tortoise Field Surveys . . . . .	2-5
Tortoise Management Areas, Historic and Current . . . . .	2-11
How was the Evaluation Conducted? . . . . .	2-14

### Part B: Measurable Biological Goals and Objectives . . . . . 2-17

### Part C: Conservation Strategy

Management Areas . . . . .	2-19
Take-Avoidance Measures . . . . .	2-23
Survey and Disposition Protocols . . . . .	2-31
Proactive Tortoise Management Programs . . . . .	2-32
Adaptive Management . . . . .	2-37

### Part D: Anticipated Take Levels . . . . . 2-42

In What Terms Should Take be Calculated? . . . . .	2-43
What Should the Level of Authorized Take Be? . . . . .	2-44
How should Cumulative Take be Tracked? . . . . .	2-45
Useful Background Information To Consider When Determining Anticipated Take . . . . .	2-45

<b>Part E: Permit Compliance Summary</b>	
Effectiveness of Conservation Strategy .....	2-48
Effectiveness of FESA Section 10(a) and Section 7 .....	2-49
<b>Part F: Reference and Literature Cited</b> .....	2-50

## **CHAPTER THREE: MOHAVE GROUND SQUIRREL**

[Under Development]

## **CHAPTER FOUR: COVERED PLANTS AND ANIMALS**

<b>Part A: Covered Mammals</b> .....	4-1
Bats .....	4-1
Bighorn Sheep .....	4-6

### **Part B: Covered Reptiles**

Mojave Fringe-Toed Lizard .....	4-10
San Diego Horned Lizard .....	4-14
Southwestern Pond Turtle .....	4-18

### **Part C: Covered Birds**

Bendire's Thrasher .....	4-20
Ferruginous Hawk .....	4-25
Golden Eagle .....	4-27
Inyo California Towhee .....	4-30
LeConte's Thrasher .....	4-33
Long-Eared Owl .....	4-36
Mountain Plover .....	4-38
Prairie Falcon .....	4-41
Short Eared Owl .....	4-44
Western Snowy Plover .....	4-45

### **Part D: Covered Plants**

[Under Development]

## **CHAPTER FIVE: VOLUNTARY CONSERVATION**

### **Part A: Confined to Federal or State Lands; Protection in Place**

Argus Mountains Kangaroo Rat .....	5-1
Panamint Alligator Lizard .....	5-2
Southern Sierra Wilderness Plants .....	5-3
El Paso Mountains Endemic Plants .....	5-4
Death Valley Roundleaf Phacelia .....	5-4
Inyo Hulsea .....	5-5
Mojave Milkvetch .....	5-6
Nine-Mile Canyon Phacelia .....	5-6
Small-Flowered Androstaphium .....	5-7

### **Part B: Adequately Protected or No Take Anticipated**

Yellow-Eared Pocket Mouse .....	5-8
Brown-Crested Flycatcher .....	5-8
Least Bell's Vireo .....	5-9
Summer Tanager .....	5-11
Vermillion Flycatcher .....	5-12
Yellow-Breasted Chat .....	5-13
Yellow Warbler .....	5-14
Charlotte's Phacelia .....	5-15
Kern Buckwheat .....	5-16
Robison's Monardella .....	5-17
Triple-Ribbed Milkvetch .....	5-18

## **CHAPTER SIX: DELETED AND DROPPED SPECIES**

Deleted Species .....	6-1
Dropped Species .....	6-1
Insufficient Data .....	6-1
Deferred Pending Additional Information .....	6-2
Separately Addressed by Other HCPs and Biological Opinions .....	6-2
Too Common .....	6-3
Other Reasons .....	6-3
